TOUGH, LIGHTWEIGHT
AND **VERSATILE**

REGISTER FOR 3 YEAR WARRANTY

Scan the QR code or visit www.panasonic-powertools.eu/pt/registration.htm to register your product for a Panasonic 3 Year Warranty. Terms and conditions apply.

POWER, COMFORT, PERFORMANCE

High output power in compact body: With **470Nm** high torque but **only 2.6kg**.

An all new **twin hammer block design** allows **smaller size** and **lower weight** but also gives **reduced vibration** and **noise levels**. Combining such features makes the **new EY 7552** a desirable, comfortable but very hard working tool.

Sub outer
hammer

Main inner
hammer

HIGH POWER WITH 470NM

Twin hammer structure gives **compact size** and **reduced weight** with **high power!**
Combination of main inner hammer plus sub outer hammer also helps to **reduce vibration**.

RUBBER PROTECTION

A **rubber protector** is fitted to front housing to prevent damage to surrounding materials. This also helps to protect against damage to the unit itself where repeated contact with floor or work station causes wear.

BATTERY CAPACITY INDICATOR

To reduce risk of battery power running out, users can check power level status using the **battery capacity level indicator** when preparing to take unit to remote or high level areas with no access to power source.
